

Burnsville, MN. Atrix International announced today, 2/19/09. New Green Supreme MRI/Hospital Equipment Service Vacuum.

The MRI Service vacuum includes as standard equipment a true HEPA cartridge filter, 15' ESD safe NON-METALLIC hose, 16" ESD safe rubber flexible gooseneck, ESD safe crevice tool w/brush, shoulder strap, and power cord. This vacuum is ESD Safe Tip-to-Tail allowing for safe removal of dust, lint, dirt and debris in and around MRI machines, hospital equipment, electronics, cabinets, computers, printers, copiers and other static sensitive areas.

The MRI service vacuum uses 20% less energy than comparable service vacuums and offers the quietest operation available at less than 70dB.

Atrix International is a full line manufacturer of fine particulate vacuum products, including HEPA and ULPA filters for the field service, electronics, remediation, healthcare and abatement industries. Their vacuums and filters are available worldwide via a network of authorized distributors.

The ULTRA FINE vacuum cleaner company!
