**Burnsville, MN. Atrix International announced today, 9/18/08, that they will be offering the new quieter and more powerful Omega Plus and Omega Supreme Plus series vacuums.**

**The Omega Plus and Omega Supreme Plus series vacuums uses a NEW motor that is more powerful and significantly quieter than the original Omega and Omega Supreme series vacuums. The Omega Supreme Plus registers less than 70 dB and the Omega Plus registers 75 dB...making them one the quietest commercial canister vacuums available.**

**Both the Omega Plus and Omega Supreme Plus vacuums are 100% ESD Safe. They are designed to safely clean static sensitive electronic equipment such as computers, copy machines, control systems, radar equipment, hospital lab equipment and the like. They come standard with the following accessories: .3 Micron Cartridge Filter, ESD safe 6' toner proof/crushproof hose, ESD safe 16" flexible rubber gooseneck, ESD safe crevice tool with brush, and detachable power cord. In addition, the Omega Supreme Plus comes with a shoulder strap for easy handling. True HEPA and ULPA cartridge filtration is also available.**

**Both vacuums are UL approved and made in Burnsville, MN U.S.A.**

**Atrix International is a full line manufacturer of fine particulate vacuum products, including HEPA and ULPA filters for the field service, electronics, remediation, and abatement industries. Their vacuums and filters are available worldwide via a network of authorized distributors.**
